Safiyya will provide braised beef in red wine, roasted chicken, polenta and mashed potatoes

### **Brewer's Feast (Spring 2020)**

Autocrat lead= Lady Gwenllian MacDonald

Autocrat mentee= Lady Vaeltaja of Unser Hafen

We need a location and potential dates by the end of this month in order to get it on the planning calendar.

They are having a problem finding a location - Knights of Columbus probably won't be large enough  
Maybe Loveland Knights of Columbus?

### **Unser Hafen Champions/Defender (Summer 2020)**

Autocrat lead= Arien Haywood (spouse of Lord Falki AsGiersen)

Autocrat aid= Her Honour Safiyya bint Faris al Dani

Dates have been discussed and I believe Her Honour will be putting this event into the planning calendar for June 20<sup>th</sup>.

Email has been sent to Kingdom to hold June 20th on the calendar

Prospective park for location will only accommodate heavy and rapier tournaments

**Crown Tournament:** No longer being hosted by us but by Dragonspine instead. It would not hurt to find a location with pricing to be ready for when next called.

- Notice for 2021 bids will be coming out imminently in the OH
- Island Grove may be a possibility – Safiyya/Soren will investigate

### **Unser Hafen Newcomers (Oct. 2020)**

Autocrat= Baroness Arianwen Sweet

Autocrat mentee= Bea Perrine

Tentative theme of Taverns and Terrors - D&D style create your persona

We need a couple more events to make money for the barony. Vigdis is asking for ideas of events

Proposal to not have more, but expand what we have

- Newcomers – knights tournament
- Defender tournaments were weekend events

Stewards Guild – group of people to run events rather than an autocrat

Have Honest Achmed's at every event and maybe incorporate Gold Key (could help with storage fees) (Note: this is the "market" currently called Nearly Honest Nico's)

- Concern of discouraging actual vendors from attending
  - o Suggestion to not sell items that vendors would have
- Will see about adding to some future events (case-by-case basis)

Mundane swag for the Stone Wolves

Cycle the smaller events so we have more time to plan and so that we don't get tired of them

Seneschal (Officer= Lady Vigdis Knarrarbringa & deputy= Honourable Lady Cecilia Caterina da Firenze & secretary= Lady Euphemia de Argyll):

- If you do not currently have a deputy please be on the search for one. By search, I mean, approach probable candidates and talk with them. It is always a good idea to have a back up for when Life demands our attention. Let them know that being a deputy is a great way to learn about the SCA and its myriad of areas. Also, being a deputy does not mean you have to take over as the officer of that position, unless that is what you are hoping for. Also, have them write a letter of intent for the practice of it.

Officers present with nothing to report:

- Captain of the Archers/ Webminister (Officer= Lord Ulric of Thorne & deputy {webminister}= Lysander):
- Herald (Her Honour Safiyya bint Faris al Dani & deputy=):

- Knowing that our lives are incredibly full, I am hoping to focus our time together in a more meaningful way. To this end, I am asking everyone to send in their reports by the 1<sup>st</sup> of each

Mimi's Café, Loveland, CO 6:00pm

month, regardless of what the manuals for their office say. I am aware this may be sooner and more often than what the manuals propose, however, it would help with having a consistent image of how the barony is doing and help us all to be better at the red tape portion of our duties. This way, I can scan the reports and address any issues, or have them ready for discussion at the next business meeting. If there are no problems/concerns, we can bypass that office at the meeting. This is assuming nothing comes up after the report has already been sent in, which of course I will ask about at the meeting. A reminder will be sent 5 days prior to have reports submitted.

Next Meeting:

- Currently scheduled for Feb. 19 but this will occur during the week of Estrella War. Any objections to keeping the time and place?
  - o Will stay in place

Heavies Report – Alexander

- find out who they are, take attendance, and testing things out of what works, what doesn't
  - o About 35 on the list
  - o 10-12 at practices
- Rise of the Vanguard – go to someone else's practice, beat them, and they become part of your team. If you lose, they are released
- Experimenting with pack leaders
  - o Call/text to see if people are going to practice
- Would like to do a "pot" of supplies to have on hand to buy at practice – rattan, helmets, etc.
  - o Proposal to be ready to present at next meeting
  - o Exchequer will check with Kingdom to confirm feasibility
