  - I'm going through the process of decluttering my house and came across a pavilion I had back in the day. The Barony could use it, auction it off, give it away as a prize or whatever. The only thing I would as is if someone could pick it up at my house in southeast Ft Collins.
  - The top is a 6' by 6' square. I'd guess that the slides flare out at the bottom by about three feet from that so maybe a 12' by 12' hexagon at the base. Definitely not a big pavilion.
