 - A&S-
 - Not present: sent following report
 - The Arts & Sciences in Unser Hafen are moving ahead: Both the Scribal Guild and the A&S Night will sometimes include classes taught by members of our Barony and the neighboring Baronies.
 - I would like to have a [facebook]page set up called Arts & Sciences in Unser Hafen. Its purpose would be to allow artisans to post their work, in progress and completed, and to ask questions

of other artisans. My reasoning for having a separate page than using the main Baronial page is to allow the artisan's work not to get lost in the Baronial page, and to allow them to seek assistance in a more controlled environment, again, not getting lost on the main Baronial page.

- Could I please have some help or recommendations in finding venues around the Barony to host the various Guilds so that people do not always have to drive to Greeley? I appreciate Baroness Hélène's offer of space tremendously, but it would be good to allow our gentles to sometimes have the Guild meetings in their own locations.
- At present I am overwhelmed by the requirements of my mundane life, so any help, especially in the form of a deputy, would be extremely welcomed!
