Fighter Practice Sundays

Crafter-noon Sundays

What are the feelings regarding these activities?

Are there any other virtual classes/gatherings you would like to see?

- Movie night
- Tutorial Videos by Liliana and others she has reached out to (little response yet)
- Haggis - paint loaner gear? Agreed to move forward, will get design idea input
- Virtual feast/happy hour as a social/still alive event
 - Monday evening
- Dance off? Ygve has the ability to edit, just needs footage of people dancing
 - Maybe a challenge against Caerthe, Caer Galen, other Kingdoms?

Naturally I will be taking my cue from Kingdom and Society, but I feel as if we should continue with virtual activities well into the month of May (if not the whole month).

- I would still like to receive monthly reports by the first of the month from all officers. It is alright if all you have to say is, "due to COVID-19 there is nothing to report." It is more a matter of starting to train ourselves.
- Keep thinking about award recognitions, baronial and kingdom levels.
- If you do not have a deputy, find one, this is a good time to work on social networking and going "pokie, pokie." Also, utilizing this time to begin training with one's deputy is a wonderful idea.

Aegeon - We are doing a lot in staying in touch with each other which is great and more than a lot of the other baronies are doing
