- New Pavilion donation:
 - I'm going through the process of decluttering my house and came across a pavilion I had back in the day. It was professionally made and sleeps 2 to 4 people depending on how well they know each other :). It has that typical square shape up top with the sloping sides and is made out of white canvas with a blue trimmed heater shield pattern around the top. I think the center pole is eight feet tall and the four corner poles are six feet tall. I only used it a few times before I figured out that camping just wasn't my thing.
If the Barony is interested, I'd like to donate it. I figure if I haven't used it in 20 to 25 years, I'm probably not going to use it anytime soon! The Barony could use it, auction it off, give it away as a prize or whatever. The only thing I would as is if someone could pick it up at my house in southeast Ft Collins.
 - The top is a 6' by 6' square. I'd guess that the slides flare out at the bottom by about three feet from that so maybe a 12' by 12' hexagon at the base. Definitely not a big pavilion.
 - Donate to Victor of Paltefordham:
- Master Hagar’s suggestion of 1st aid kit.

- Keep at gate, over the counter, maybe add Benadryl
- We cannot be in the position of offering 1st aid
- Elyes will check w\ her work to get a deal on this
- A good general idea, \$10-\$20
- Have in a common location
